

# Paul Taylor

Christina Kittlestad, Director  
YA Colorado

*I am delighted to recommend Paul Taylor as a YA performing artist. Paul has done excellent work for us, doing 45 minute performances of MATILDA AND THE DREAMTIME and doing residency work. We do not as a rule do residencies but we have kept Paul in a school for a day to do a variety of things with students and the evaluations have been excellent.*

*Paul is creative and dynamic as performer, a conscientious presenter who engages children in listening, doing and learning activities. He also spends time with teachers to help them maximize the learning that has begun through his performances.*

*Our only regret (and my regret in recommending him for your roster) is that he has so little time to spend in Montana and we have so many requests for his program.*

*I hope you have an opportunity to see Paul's program and use him in the Colorado schools.*
